

Table of Contents

Preface

The Focus of the Book
Why This and Not That

Part I: History, Dreamers, and Doers

Chapter One: Islands in the Sand

Naturally Artificial
Breaking the Breathing Barrier: The Quest That Led Us Underwater
The Desire for More: Planning Artificial Reefs for Recreation

Chapter Two: Reels, Bubbles and More—The Why of Recreational Artificial Reefs

The Science of Planning Artificial Reefs
Making Laws and Policy
Ideas about Recreational Artificial Reefs Expand
Red Tape Realities

Chapter Three: Downed Ships, New Reef Life

Plenty of Sites in the Northeast
The Graveyard of the Atlantic—North Carolina
Hey, We Started It! Moving on to South Carolina
Florida's Wealth of Wrecks
You Can't Talk About Sunken Ships and Forget the Great Lakes
The Great Lakes Shipwreck Preservation Society
If You Visit Lake Michigan . . .
Ships as Reefs in Hawaii
Wave to the Submarine
Another American Paradise—The U.S. Virgin Islands
The Growing Popularity of Ships as Recreational Artificial Reefs

Chapter Four: Saga of the *USS Spiegel Grove*

What If We . . .
Not So Fast . . .
Frustration Mounts, Funds Dwindle
Obstacles Overcome, Success in Sight
My God, What Happened?
Mother Nature's Whims
No Longer the Biggest, But Still a Sight

Chapter Five: California—Sink a Ship and Build a Foundation

How Would You Like a Spare Destroyer?
Almost Perfect
It's More Than a One-shot Deal
Ships to Reefs (S2R)

Chapter Six: Towering Rigs Across the Gulf of Mexico

More Advanced, Yet Transient
Rigs to Reefs
Bigger in Texas
About Those Tanks . . .

Chapter Seven: Battle Tanks Overboard!

Down in Alabama
Good Job for a Task Force
The Day Arrives
Only the Beginning
Bringing Artificial Reefs into the Spotlight

Chapter Eight: More Than a Few Ways to Create Reefs

Neighboring Maryland Gets In on the Act
Other Artificial Reefs in the Carolinas
Georgia Has More Than Peaches and Pecans—Think Fish
One Florida County’s Approach to Artificial Reefs
Got Any Other Ideas for Artificial Reefs?
No Matter the Material or Structure, It Should Be Stewardship
Waterways Are More Than Coastal

Chapter Nine: Not Just Oceans: Think Lakes

Making a Fortune and a Difference: A Partnership in Restoring Fish Habitats
FishAmerica Foundation: Helping Across the Country
Not That We Don’t Like Artificial Reefs . . .
On the Other Hand, Artificial Reefs Can Stir Controversy

Chapter Ten: Screwed That One up, Didn’t We?

Need a Major Cleanup? A Partner Worth Having
Not Knowing: A Major Concern of Opponents
How to Choose an Appropriate Artificial Reef

Chapter Eleven: Nature and Humans: Seeking a Balance

Policy, Purpose, and Practicality
The 1985 National Artificial Reef Plan
Other Relevant Government Publications and Some of the Federal Players
Interstate Marine Fisheries Commissions
At the State and Community Level
Artificial Reef Sites and Projects: Not Always the Same Thing
It’s the Twenty-first Century: Time for an Update
Attraction/Production: A Core Debate about Artificial Reefs

Chapter Twelve: Joining In

The New Structures as Habitats for Underwater Life
Basic Ways to Participate in Artificial Reef Work
Playing Around with Design
Put My Ashes Where?
Summing Up
Reviewing the Essentials of Planned Artificial Reefs
Careful Creation and Responsible Sustainment

Part II: Details, Sources and Resources

Section One: The Government Steps Forward

Section Two: What the National Artificial Reef Plan Set into Motion

Section Three: Key Government Roles as Cited in the National Plan

Section Four: Selected Organizations and Related Businesses
